Re: Ponding Problem at the Corner of Bache Avenue and Clawson Street

Dear Deputy Commissioner Roberts:

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative, forward this correspondence to the appropriate individual within the New York City Department of Environmental Protection.

My office was recently contacted by residents of Bache Avenue regarding a reoccurring flooding problem at the above-referenced location. According to my constituents, the water flows down the street and overflows onto the sidewalks after each rainfall. My constituents believe this problem may be a result of the lack of adequate drainage facilities in the area.

I would appreciate it if you could investigate this matter and notify me of your findings so that I may advise my constituents accordingly.

Very truly yours,

James S. Oddo
Borough President
