Re: Request for Cleaning of Catch Basins in Front of and Across From 411 Thomas Street and at 167 West Cedarview Avenue

Dear Deputy Commissioner Roberts:

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative, forward this correspondence to the appropriate individual within the New York City Department of Environmental Protection.

My office was recently contacted by homeowners living in the Richmondtown area regarding several clogged seepage basins at the above-referenced locations. According to residents, the water ponds in the basins after every rainfall and overflows onto the sidewalk and adjacent properties.

I would appreciate it if you could investigate this matter and notify me of your findings so that I may advise my constituents accordingly.

Very truly yours,

James S. Oddo  
Borough President

JSO:mcl
