

September 22, 2015

Mr. Tom Cocola
Borough Commissioner
NYC Department of Transportation
10 Richmond Terrace, Room 300
Staten Island, NY 10301

Dear Commissioner Cocola

I hope this letter finds you well.

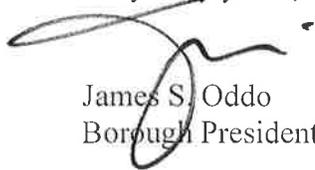

I was recently contacted by concerned Travis residents regarding the dramatic increase in truck traffic on Victory Boulevard between Travis Avenue and the West Shore Expressway.

According to my constituents, these speeding trucks are creating a dangerous condition for residents, including schoolchildren who walk on and wait for buses on Victory Boulevard.

I am, therefore, writing to ask you to investigate the possibility of banning truck traffic on Victory Boulevard between Travis Avenue and the West Shore Expressway except for trucks making local deliveries.

I thank you for your attention to this matter and look forward to your response.

Very truly yours,

James S. Oddo
Borough President
