Re: Street Lights on Bank Street Between Jersey Street and "Postcards Memorial"

Dear Commissioner Cocola:

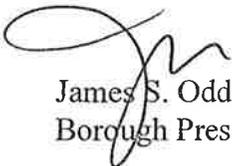

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative, forward this correspondence to the appropriate individual within the New York City Department of Transportation (DOT).

My office has received several requests regarding the poor lighting conditions at the above referenced location. It is my understanding that it is very dark at this location and my constituents are concerned that this may develop into a hazardous situation. Therefore, they are requesting that the street lights be illuminated during the evening and early morning hours.

I kindly ask that your office investigate this matter and apprise me of your findings.

Please accord this request every consideration consistent with your rules and regulations. Thank you for your continued cooperation.

Sincerely,

  
James S. Oddo  
Borough President
