Re: Request for Tree Pruning Along Hunter Avenue Between South Railroad Avenue  
and Bowden Street

Dear Mr. Irving:

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative forward this correspondence to the appropriate individual within the Consolidated Edison Company of New York (Con Edison).

My office was recently contacted by residents of Hunter Avenue regarding three city trees at the above-referenced location. It is my understanding the branches are intertwined with electrical wires. According to residents, they have seen sparks coming from the wires when it rains and they are concerned that this could become a hazardous situation.

I respectfully request that you investigate this matter and correct this problem as quickly as your schedule will allow. Kindly apprise me of your findings so that I may advise my constituents accordingly.

Please accord this request every consideration consistent with your rules and regulations. Thank you for your time and cooperation.

Very truly yours,

  
James S. Oddo  
Borough President
