

October 28, 2015

Captain Michael Day
Commander
U.S. Coast Guard Sector New York
212 Coast Guard Drive
Staten Island, NY 10305

Lieutenant Commander William C. Walsh
Commanding Officer
U. S. Coast Guard Station New York
10 Search Lane
Staten Island, NY 10305

Dear Captain Day and Lt. Commander Walsh:

On behalf of Staten Island Borough President James Oddo, I would like to express how proud we are that both the United States Coast Guard Sector Command, as well as the USCG Station Command, are located in our borough. It is our honor to have you here protecting this great city.

It has occurred to me and other members of Borough President Oddo's staff that we would like to do more to establish a supportive relationship with your branch of service. Our office can be very helpful in promoting United States Coast Guard services, in creating local awareness of your public events, and in working behind the scenes to raise the profile locally of the good men and women of the Coast Guard and the work they perform in the defense of our city.

To that end I, and a few other members of the Borough President's staff, would like to arrange a meeting at a date and time of your mutual convenience. We can meet here at Borough Hall, or we'd be happy to come to your headquarters.

Please contact me at your earliest convenience by phone at (718) 816-2231 or email at eburke@stateninsula.com.

I look forward to hearing from you, and to our eventual meeting. Thank you.

Sincerely,

Edward Burke
