New York City Department of Transportation
Borough Hall, Room 300
Staten Island, New York 10301

Re: Ponding Condition on Falcon Avenue Between Oak and Isabella Avenues

Dear Commissioner Cocola:

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative, forward this correspondence to the appropriate individual within the New York City Department of Transportation (DOT).

My office was recently contacted by residents of Falcon Avenue in the Oakwood section of my 50th Councilmanic District regarding a severe ponding condition. It is my understanding that the water collects in the street overflows onto the sidewalk after every rainfall. My constituent believes that this problem may be the result of improper street grade.

I respectfully request that you investigate this matter. Kindly apprise me of your findings so I may advise my constituents accordingly.

Please accord this request every consideration consistent with your rules and regulations, and thank you for your continued cooperation.

Very truly yours,

James S. Oddo
Borough President
