Mr. Thomas Cocola
Borough Commissioner
New York City Department of Transportation
Borough Hall, Room 300
Staten Island, New York 10301

Re: Ponding Problem at the Corner of Bache Avenue and Clawson Street

Dear Commissioner Cocola:

I am writing with the hope that you can be of assistance with a constituent matter, or in the alternative, forward this correspondence to the appropriate individual within the New York City Department of Transportation.

My office was recently contacted by residents of Bache Avenue in the New Dorp area regarding a ponding problem at the above-referenced location. It is my understanding that every time it rains the water ponds at this location. Residents believe this problem may be the result of improper street grade and cited that the problem has only existed since DOT repaved the street a couple of years ago.

I would appreciate it if you could investigate this matter and kindly notify me of your findings so that I may advise my constituent accordingly.

Very truly yours,

James S. Oddo
Borough President
